

BOTANICAL COMPLEX FOR VETERINARY USE IN EQUINES

## **A natural solution for Eastern Equine Encephalomyelitis (EEE)**

100% natural product based on Chamomile, Lavender, Peppermint and Echinacea.

The natural alternative  
to enhance health  
and vitality in horses.

## What is **förblod**® brain?

It is an innovative natural treatment designed specifically to address Eastern Equine Encephalomyelitis (EEE), a disease transmitted by infected mosquitoes that affects the nervous system of horses.

This unique solution features a powerful combination of botanical extracts, such as chamomile (*Matricaria chamomilla*), lavender (*Lavandula angustifolia*), peppermint (*Mentha piperita*) and echinacea (*Echinacea purpurea*), developed with the most advanced phytotechnology.

## To what **förblod**® brain?

Indicated to improve and treat the nervous system in all species of horses that present symptoms associated with EEE (fever, inflammation in the meninges, decreased appetite, weight loss, ataxia, parexia, etc.)

The first signs of EEE are subtly manifested through alterations in appetite, a noticeable decline in habitual energy and changes in social interaction. Paying attention to these subtleties allows for rapid intervention and timely application of FÖRBLÖD BRAIN.

FÖRBLÖD BRAIN not only protects your equines from the impacts of EEE, but also acts as an antiviral and brain analgesic, relieving symptoms and speeding recovery.

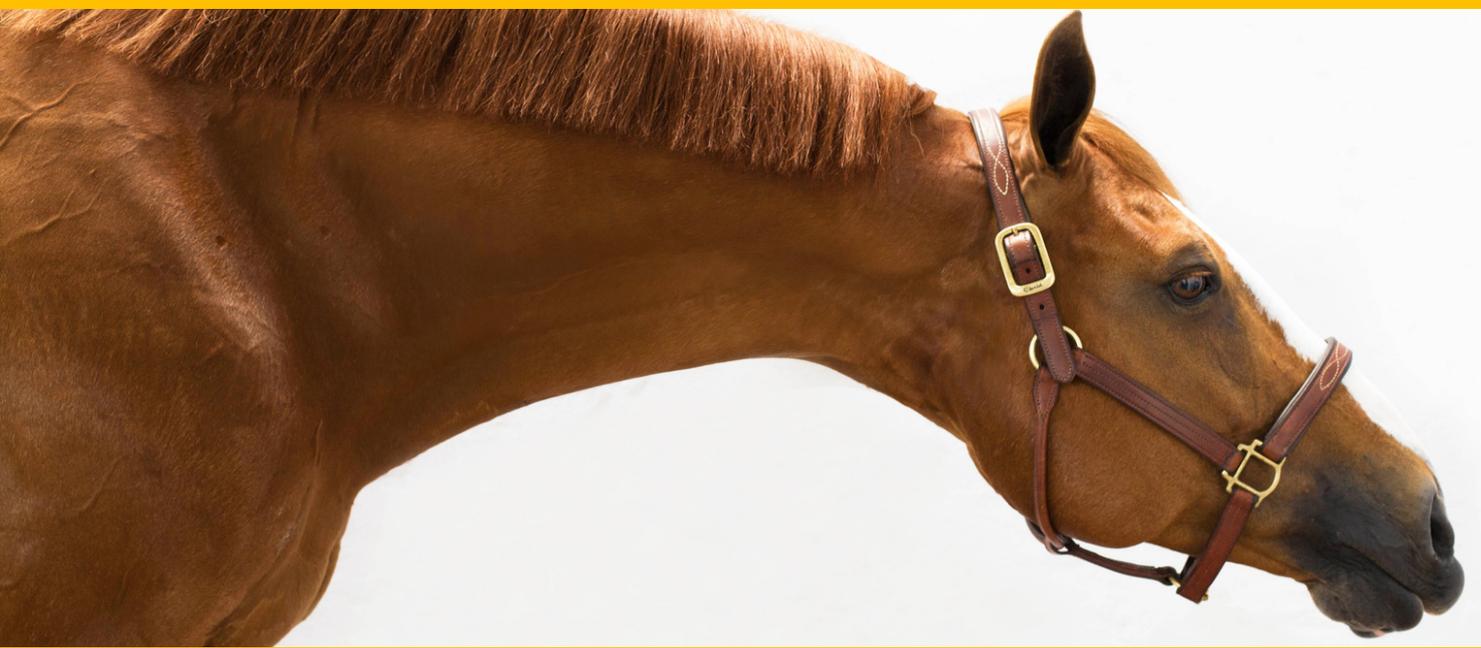

It is a 100% NATURAL product that collaborates in recovery and comprehensive health.

## Why **förblod**® brain?

Unlike antibiotics that are ineffective against viruses, FÖRBLÖD BRAIN offers a natural and specific treatment for equine encephalitis.

Its exclusive formula combines active plant ingredients, with high concentrations of minerals and vitamins, which not only treat the disease, but also relieves the symptoms, improving the horse's general well-being.

Used preventively, it strengthens the animal's nervous system by generating a protective barrier, while helping to prevent secondary infections.

## PROVEN EFFICACY – VISIBLE RESULTS

- **Antiviral Potency:** Specifically attacks the viruses responsible for EEE, providing effective treatment at the root of the problem.
- **Brain Analgesic Relief:** Thanks to the presence of peppermint, this product offers quick and effective relief from pain associated with brain inflammation.
- **Rapid Recovery:** The unique combination of ingredients speeds up the recovery process, allowing horses to return to peak performance more quickly.
- **Comprehensive approach:** Beyond treating disease, FÖRBLÖD BRAIN promotes general well-being, ensuring a balanced and resilient nervous system in high-performance horses.
- Dietary supplement without doping effects.
- 100% natural and vegetable – Quality guarantee.
- Kosher and Halal Certification

DEVELOPED BY **BASEL- PHYTOTHERAPEUTIC MEDICINAL LABORATORY**. ALL OUR PRODUCTS ARE MADE WITH CERTIFIED RAW MATERIALS, FREE OF PESTICIDES AND UNDER STRICT HYGIENIC-SANITARY CONDITIONS, ENSURING QUALITY AND EXCELLENCE.

**Application:** Nutritional supplement to complete the diet in high performance horses (horse racing, polo, rodeo, jumping, etc.)

**Presentation:** 5, 10, 20 liter drums and 200 liter drums.
